PROFESSIONAL SUMMARY

Information Systems graduate specializing in full-stack web development, mobile application development, and database-driven systems. Experienced in building applications using Laravel, React, Flutter, and SQL databases through academic and practical projects.

EDUCATION

Bachelor of Science in Information Systems

Bahir Dar University, Ethiopia Graduated: June 2026

GPA: 3.64/4.00 | Exit Exam Score: 81%

BA Degree in Accounting and Finance

Ambassador college | Bahir Dar, Ethiopia Expected to Graduate: 2027 (On going)

PROFESSIONAL EXPERIENCE

IT Support Intern / IT Operations Assistant |

Ghion Homes Real Estate, Addis Ababa August 2025 — September 2025

- Maintained internal systems and improved documentation processes.
- Assisted employees with troubleshooting and system usage.

Software Development Intern

ConDigital – Enterprise Management Software, June 2025 – August 2025

- Contributed to enterprise management software development.
- Worked with Laravel, databases, and application features.
- Assisted in debugging and improving system functionality.

TECHNICAL SKILLS & CORE COMPETENCIES

- **Programming Languages:** Java, JavaScript, PHP, Python, HTML5, CSS3, SQL
- **Frameworks & Libraries:** Laravel, Flutter, Vue.js, React
- **Database Management:** MySQL, SQLite, SQL Normalization, Relational Database Design
- **Tools & Technologies:** Git, GitHub, Android Studio, VS Code, XAMPP,
- **Core Architectural Knowledge:** Object-Oriented Analysis & Design (OOAD), Data Structures & Algorithms, Network Fundamentals, Software Testing, Agile Methodologies, Data Mining, System Analysis

TECHNICAL PROJECTS & PRACTICAL EXPERIENCE

- **Smart Digital Service Marketplace (SkillLink) — Project Lead**

Technologies: React, Node.js, Typescript, Postgress

- Designed and developed a marketplace platform connecting service providers and customers.
- Created system workflows, database structures, and core application features.
- Managed project planning and development activities

- **Smart To-Do List Mobile Application — Mobile Developer**

Technologies: Flutter, SQLite

- Built a Flutter mobile application with task categories, reminders, and local notifications.

- **Data Mining & Association Rule Explorer — Academic Collaborator**

Co-developed an analytical module utilizing Python to execute the Apriori algorithm on complex datasets, discovering hidden patterns and transactional rules within an agile 3-student team project framework.

STRENGTHS & PROFESSIONAL ATTRIBUTES

- Strong problem-solving and analytical skills.
- Fast learner with ability to adapt to new technologies.
- Effective team collaborator with strong communication skills.
- Organized and committed to delivering quality software solutions.

CERTIFICATIONS & TRAINING

- Software Engineering Academic Training
- Database Systems and Full-Stack Development
- Flutter Application Development
- Laravel Web Application Development
- Cybersecurity Fundamentals

LANGUAGES & INTERESTS

Languages: Amharic (Native Proficiency) | English (Professional Working Proficiency) | Arabic (Good Proficiency)

Interests: Full-Stack Software Development, Mobile App Innovation, Artificial Intelligence & Machine Learning, Open-Source Technologies, Cloud Solutions, Competitive Programming.
